

Many people have varying views and understanding of what Missions looks like. Urbancrest Mission College can help individuals explore a personal call to missions; prepare and experience mission trips or projects; and better understand a biblical approach to Missions:

### *Welcome to - Urbancrest Mission College*

#### *Internship for long-term Missionaries; Mission/Ministry Leaders; Church Planters:*

This is an eighteen month basic missiology study to give participants a broad view of the world and their place in it. Together with guest Missionary speakers; Minister of Missions; Church Planters and my missionary experience serving in Ukraine through the International Mission Board, we will prepare students for cross-cultural service both domestic and throughout the world.

Because we are the Church, Christ has built us; called us; and equipped us for service in the world. Jesus clearly explained to the disciples...the gospel must be preached to all the nations.
